## **HOLIDAY HOMEWORK FOR SUMMER VACATION**

**CLASS: X SESSION (2023-24)** 

## **SUBJECT: MATHEMATICS**

- Practice the following chapters of class IX
   Polynomials, Factorisations, Probability, Surface Area and Volume, Statistics.
- 2. Write and solve atleast 15 Mcqs of following chapters
  Real Numbers, Polynomials, Pair of linear equations in two variables, Probability
- 3. Find and solve at least 5 assertion /reason based questions of following chapters.

Real Numbers, Polynomials, Pair of linear equations in two variables, Probability

4. Maths lab Activity(In lab File)

Draw atleast 5 graphs of Each chapter Polynomilas & pair of linear Equations in two variables

## GENERAL HW ( RELATED TO SKILLS AND PERSONALITY DEVELOPMENT)

- 1 Read or listen the Book "Rich Dead Poor Dad" by Robert Kiyosaki, "Never Give up" by Kulwant singh, "Energise Your Minds" by Gaur Gopal Das.
- 2 Make a working model based on Pythagoras Property which verify Irrational Number on Number line.
- 3 Doing Survey/ Analysis on consumption of electricity at your home and compute daily no.of units then create monthly bill.
- 4 Read about opportunities in different fields in future after completing schooling.

- 1. Give water and bazra to the birds every day on roof of your home.
- 2. Help and take care of animals.
- 3. Pay attention to the cleanliness around the house, street of your house.
- 4. Help needy people they may be younger or elder than you with full of smile & pleasure.
- 5. Visit any tourist site near by your town and write a short description of your trip.
- 7. Tell stories to your elders and listened to stories from them.
- 8. Make a toy, make a model, make it yourself from out of garbage.
- 9. Keep yourself healthy do yoga, exercise, cycling, walk etc.
- 10. Learn a musical instrument.
- 11. Develop any one skill like cooking, serving, painting, pottery, carpentry, cycle repairing, app making etc.
- 12. Spend time with grandparents and take in there experiences.

### **SUBJECT-ENGLISH**

- 1. Compose a poem or write an article of your own.
- 2. Practise official letters (formal letters)
  - \* Letter to Editor( any 5)
  - \*Complaint letter(any 5)
  - \* Order/Demand letter (any 5)
  - \* Enquiry letter (any 5)
- 3. Read or listen English news daily.
- 4. Revise the syllabus which you have completed till date.
- 4.Direct/Indirect-narration revise

### **SUBJECT BIOLOGY**

- 1. Reading chapters and underlining important terms
- 2. Finding in text questions and writing thm in notebook
- 3. Draw labelled diagrams
- 4. Project activity(any one)

**Curd formation** 

**Paper solution** 

Class -6,

Subject-Maths

- 1. Write and learn the multiplication tables from 2 to 30.
- 2. Using International Number system and Indian number system write any ten contact numbers in words.
- 3. Note the quantity of milk you buy/sell/consume each day in a month at your home. Make an amount chart you spend in a month and a year.
- 4. Meaure at least ten things at your home using Inches/Cm./feet tap.
- 5. Note the maximum and minimum temperature of following cities at least 10 days continuously. (Shimla,Jaipur,Mumbai,Chennai,Guwahati) And make any five questions related to them.

(Do this work in a separate note book preferably 40-50 pages)

- 1. Give water to the birds.
- 2. Help and take care of animals. Go to the Cowshed.
- 3. Pay attention to the cleanliness around the house, temple, mosque etc..
- 4. Help your elders, the poor and the people around you.
- 5. Right a diary of visiting relatives, nearby places etc.

- 6. Read atleast 2 books.
- 7. Tell stories to your elders and listened to stories from them.
- 8. Make a toy, make a model, make it yourself from out of garbage.
- 9. Keep yourself healthy do yoga, exercise, cycling, walk etc.
- 10. Learn a musical instrument.
- 11. Develop any one skill like cooking, serving, painting, pottery, carpentry, cycle repairing, app making etc.
- 12. Spend time with grandparents and take in there experiences.

Class -7,

Subject-Maths

# CLASS: VII SUBJECT: MATHEMATICS

- 1. Write and learn the multiplication tables from 2 to 30.
- 2. Meaure at least ten things at your home using Inches/Cm./feet tap.
- 3. Do try these and examples of chapter 1.
- 4. Save ELECTRICITY and save WATER: Record consumption of electricity and water per day and make a estimation for whole month and compare with their electricity and water bill.
- 5. Note the maximum and minimum temperature of following cities at least 10 days continuously. (Shimla, Jaipur, Mumbai, Chennai, Guwahati)

  And Draw a double bar graph also make any five questions related to them.
- 6. Note the quantity of milk you buy/sell/consume each day in a month at your home. Make an estimation amount chart you spend in a month and a year.

(Do this work in a separate note book preferably 40-50 pages)

- 1. Give water to the birds.
- 2. Help and take care of animals. Go to the Cowshed.
- 3. Pay attention to the cleanliness around the house, temple, mosque etc..
- 4. Help your elders, the poor and the people around you.
- 5. Right a diary of visiting relatives, nearby places etc.
- 6. Read atleast 2 books.
- 7. Tell stories to your elders and listened to stories from them.
- 8. Make a toy, make a model, make it yourself from out of garbage.
- 9. Keep yourself healthy do yoga, exercise, cycling, walk etc.
- 10. Learn a musical instrument.

- 11. Develop any one skill like cooking, serving, painting, pottery, carpentry, cycle repairing, app making etc.
- 12. Spend time with grandparents and take in there experiences.

# **CLASS: VIII**

- 1. Write and learn multiplication tables from 2 to 30.
- 2. Write the learner diary of Chapter 1 and 2.
- 3. Write and learn the squares of numbers from 1 to 30.
- 4. Write and learn the cubes of numbers from 1 to 20.
- 5. Write the all properties of triangles and solve at least one question of related property.
- 6. MDP any one of the following (Weather and climate / water)

# GENERAL HW ( RELATED TO SKILLS AND PERSONALITY DEVELOPMENT)

- 1 Read or listen the Book "Rich Dead Poor Dad" by Robert Kiyosaki, "Never Give up" by Kulwant singh, "Energise Your Minds" by Gaur Gopal Das.
- 2. Doing Survey/ Analysis on consumption of electricity at your home and compute daily no.of units then create monthly bill.
- 3. Read about opportunities in different fields in future after completing 8th class regarding skill development in different aspects.
- 4. Visit nearby mart or shop with your parents and observe the bill prepared by shopkeeper and make an analysis on it.(Key points Percent discount,GST,Quantitity,Rate per unit.....etc)

- 1. Give water and bazra to the birds every day on roof of your home.
- 2. Help and take care of animals.
- 3. Pay attention to the cleanliness around the house, street of your house.
- 4. Help needy people they may be younger or elder than you with full of smile & pleasure.
- 5. Visit any tourist site near by your town and write a short description of your trip.
- 7. Tell stories to your elders and listened to stories from them.

- 8. Make a toy, make a model, make it yourself from out of garbage.
- 9. Keep yourself healthy do yoga, exercise, cycling, walk etc.
- 10. Learn a musical instrument.
- 11. Develop any one skill like cooking, serving, painting, pottery, carpentry, cycle repairing, app making etc.
- 12. Spend time with grandparents and take in there experiences.
